

SHIVAJI GOUD EDIGA

Java Full Stack Developer

Kurnool, A.P. | +91 7036585943 | shivajigoud970@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Java Full Stack Developer with hands-on experience building and deploying full-stack applications using Java, Spring Boot, React, and Flutter. Proficient in designing REST APIs and relational data models (PostgreSQL, MySQL) via Hibernate/JPA, with containerized deployments using Docker. Delivered end-to-end features spanning backend architecture, payment integration, and cloud deployment across two full-stack platforms. B.Tech in Computer Science Engineering, CGPA 9.0/10.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL, C

Frontend: React.js, Flutter (Dart), HTML5, CSS3, Vite

Backend: Spring Boot, Spring MVC, REST APIs, Hibernate/JPA, Java 17

Databases: PostgreSQL, MySQL

Tools & Technologies: Git, GitHub, Maven, Postman

Cloud/Deployment: Docker, Render

PROJECTS

Aahara — Full-Stack Food Delivery Application — Personal Project

2025 – Present | Remote

Technologies: Flutter, Dart, Spring Boot, Java, PostgreSQL, REST APIs, Bloc

- Architected a full-stack food delivery platform with a Flutter frontend (web and mobile) and a Spring Boot REST API backend, persisting data in PostgreSQL across 7 core customer modules: orders, cart, profile, favourites, notifications, offers, and settings.
- Designed backend entities and REST endpoints for Notifications, Coupons, and Favorites, seeded the database with real restaurant and dish data, and resolved CORS/port-mismatch connectivity errors.
- Implemented persistent navigation with StatefulShellRoute.indexedStack and Clean Architecture with Bloc state management for scalable feature modules.

GradNexa Wear — Full-Stack E-Commerce Platform — Personal Project

2025 – Present | Remote

Technologies: React, Vite, Spring Boot 3, Java 17, JPA, MySQL, PostgreSQL, Docker, Razorpay, Cloudinary | GitHub: shivajigoud18/Gradnexa_E-commerce

- Engineered a full-stack e-commerce platform with a React + Vite frontend and a Spring Boot 3 (Java 17) REST API backend, using MySQL locally and PostgreSQL in production.
- Integrated the Razorpay payment gateway for secure checkout and Cloudinary for image storage, then built a custom print-upload workflow end-to-end from UI submission to backend persistence.
- Containerized the application with Docker and deployed it to Render; maintained a full commit history on GitHub documenting iterative feature development.

Smartphone-Based Driver Behaviour Monitoring and Family Alert System — Academic Project

2026 | Rajampet, A.P.

Technologies: Flutter, Spring Boot, PostgreSQL, REST APIs, GPS, Accelerometer, Gyroscope, Google Maps API

- Built a driver behaviour monitoring application using Flutter, Spring Boot, and PostgreSQL, leveraging GPS, accelerometer, and gyroscope sensor data to detect overspeeding, harsh braking, rapid acceleration, and potential accident events in real time.
- Designed REST APIs and a PostgreSQL schema to manage user accounts, emergency contacts, trip history, and alert records, integrating the Google Maps API for live location tracking.
- Implemented an automated emergency alert workflow that shares the driver's live location with registered family contacts upon detecting a possible accident, reducing emergency response time.

INTERNSHIP

Cloud Computing Intern — Pantech E-Learning

Feb 2024 – Aug 2024 | Remote

- Worked hands-on with IaaS, PaaS, and SaaS deployment models, applying virtualization, scalability, and cloud security fundamentals in guided cloud deployment and infrastructure-management exercises.

EDUCATION

B.Tech in Computer Science Engineering — Annamacharya Institute of Technology and Sciences

2026 | Rajampet, A.P.

CGPA: 9.0/10

Intermediate (MPC) — Sri Chaitanya Junior College

2020 – 2022 | Kurnool, A.P.

Percentage: 95%

ACHIEVEMENTS & CERTIFICATIONS

- Salesforce Certified Agentforce Specialist • Machine Learning — Srivensy Technologies • Cloud Computing — Pantech E-Learning Technologies • Languages: English (Professional), Telugu (Native)
